

A landscaper wearing a blue cap, blue shirt, and green overalls is kneeling in a garden bed. He is working on a brown drip irrigation line, connecting it to a small red-leaved shrub. The garden bed is covered with black landscape fabric and contains several other plants, including a tall green conifer and a yellow shrub. The background shows more greenery and a building.

You're invited to a FREE

# IRRIGATION EFFICIENCY & LANDSCAPE DESIGN

## WORKSHOP

4   
CEUs 

**FREE  
LUNCH!**

# Join the efficiency conversation.

This workshop is offered by local water providers to begin an exchange of ideas about landscape irrigation and design. Topics include aquifer protection, irrigation efficiency, and landscape design solutions that will enhance and expand your customer base. 4 CEUs available.

## Attendees to include:

- Landscape Architects
- NIBCA Members
- Grounds Maintenance
- Landscape Maintenance Companies and Maintenance Staff
